In the field of imported cargos: 14 percent of oil cargos and 65 percent of non- oil cargos have been imported and in the field of exported cargos: 35 percent of oil cargos and 65 percent of non-oil cargos have been exported.

The statistics of transited cargos through the road borders during the 12 months of 2008

	Import	Export	Transit
The volume of cargo (ton)	2017630	3109422	4.665.287
Changes (by percent) comparing to the previous year	11.1	0.4	4.7

Most cargos have been imported from Turkey (32 percent), Pakistan (21 percent), and most cargos have been exported in to Azerbaijan (16 percent) and Afghanistan (15 Percent).

The situation of variables related to imported and exported cargos (according to priority 1st to 2nd) through the road borders during the 12 months of 2009

Variables Type of transit	Active borders	Portion of each border (percent)	The greatest cargo	Portion of each cargo (percent)	Truck nationality	Portion of each nationality
Import	Bazargan	46	Rice	17	Iran	47
	Mirjaveh	21	Lumber	10	Turkey	27
	Astara	13	Petroleum Compounds	8	Azerbaijan	15
Export	Mehran	20	Petroleum Compounds	28	Iran	66
	Astara	14	Agricultural Products	15	Azerbaijan	11
	Bazargan	14	Construction materials	9	Iraq	10

In transit sector, the main part of transit cargos have been included to: Fuel (851000 tons, 14.5 Percent), types of cotton (563000 tons, 9.6 percent), Home appliance (446000 tons, 7.6 percent), Construction materials (371000 tons, 6.3 percent) and food stuff (309000 tons, 5.3 percent).

In regards of active borders on entrance transit, 23980000 tons (41 percent) of cargos have been transited through 13 Bandar Abbas which comparing to the other international borders such as Sarakhs with 922000 tons (16 percent) and Bazargan with 893000 tons (13 Percent) standing as the most active border in transit of cargo. Is it to be noted that during 12 Months of 2008 the statistics of total transit is about 5858000 tons which shows 2.4 percent increase comparing to the same period of time in the year of 2007.

Out of 5858000 tons of transited cargos through the borders of Iran, 80 Percent have been done by road and 20 percent by railroad.

During 12 months of 2008, 851000 tons of oil materials (15 percent) and 5007000 tons of non – oil materials (85 percent) have been transited through the borders of Iran.

Out of transited cargos, 74 percent have been transited by Iranian trucks, 16 percent by turkey and 10 percent by other trucks.

Passenger sector

During 12 months of 2008, 477000 passengers have been entered to the country by 290000 passenger vehicles (65 percent by coaches and 35 percent by car). Also, 570000 Passengers by 31000 passenger vehicles (%68 by coaches and %32 by car) have been exited through country.

Coaches traffic through the borders during 12 months of 2008

	Entrance	Exit	Transit
Number	18434	21357	1647
Changes (by percent) comparing to the previous year.	-9	2	100

In mentioned period of time, the most passenger vehicles traffic has been done through Bazargan(38 percent), Bilehsavar (14 percent) and other borders (48 percent).

Also, about 396000 Iranian passengers and 81000 foreigner passengers have been entered through the borders of Iran and 467000 Iranian passengers and 102000 foreigner passengers have been exited through the borders of Iran.

1- Cargo Sector

The statistics of cargo import by Iranian trucks through the following sources (Tonnage) during the 12 months of 2008 and comparing to the same period of time in previous years
